

The Inland Northwest Early Learning Alliance

A collaboration of regional community leaders working to help young children and families succeed.

INWELA is the state recognized Regional Early Learning Alliance for Ferry, Stevens, Pend Oreille, Lincoln, Spokane, Adams, and Whitman Counties.

We work to improve local and statewide systems for children and families by:

- Connecting community organizations with one another
- Supporting local projects as identified by families in our region
- Partnering with state and local agencies and stakeholders
- Providing regional input for the Early Learning Advisory Council
- Engaging policymakers on community needs and issues
